

Haryana State Pollution Control Board

Annual Report

2013-14

Introduction

The Haryana State Pollution Control Board (HSPCB) is a statutory authority entrusted the duty to implement environmental laws and rules within the jurisdiction of the State of Haryana. The Board ensures proper implementation of the statutes, judicial and legislative pronouncements related to environmental protection within the State. Haryana State Pollution Control Board was constituted under Water (Prevention and Control of Pollution) Act, 1974 vide Notification No. 86/(4)(iv)74/33298 dated 19.9.1974 initially for Prevention and Control of Water Pollution and maintaining or restoring wholesomeness of water. The State Pollution Control Board was also entrusted with additional responsibility of implementing the Water (Prevention and Control of Pollution) Cess Act, 1977 with a view of augmenting the resources of the State Pollution Control Boards. The State Pollution Control Board was also given additional responsibilities under Air (Prevention and Control of Pollution) Act, 1981 to take appropriate steps for preservation of quality of Air and Control of Air Pollution. The Board was subsequently given the responsibility of implementing a series of other environmental Acts and Rules, either directly or indirectly.

Various Environmental Acts and Rules

1. The Water (Prevention and Control of Pollution) Act, 1974, amended in 1988 and Rules made there under:

The Act provides (i) for the prevention and control of water pollution and for maintaining & restoring the wholesomeness of water, (ii) for the establishment of Boards for the prevention and control of water pollution, and (iii) for conferring on and assigning to such Boards the powers and functions relating thereto and for matters connected therewith.

2. The Water,(Prevention and Control of Pollution) Cess Act, 1977, amended in 1992, 2003 and Rules made there under;

The Act aims to provide for the levy and collection of cess on water consumed by persons carrying on certain industries and by local authorities, with a view to augment the resource of the Central Board and the State Boards for the prevention and control of water pollution constituted under the Water Act.

3. The Air (Prevention and Control of Pollution) Act, 1981, amended in 1987 and Rules made there under:

The prime objective of the Act is to provide (i) for the prevention, control and abatement of air pollution, (ii) for the establishment of Board, and (iii) for the conferring on and assigning to such Boards powers and functions relating thereto and for matters connected therewith.

Annual Report 2013-14

4. The Environment (Protection) Act, 1986, amended in 1991 and Rules made there under:

The Act intends to provide for the overall protection and improvement of the environment.

5. The Hazardous Wastes (Management, Handling and Transboundary Movement) Rules, 2008.

These Rules demands that the various categories of hazardous waste, as mentioned in the Rules and generated are properly stored, treated and disposed of, to ensure that the handling of such waste does not cause any ecological disturbance & damage to the Environment.

6. The Manufacture, Storage and Import of Hazardous Chemicals rules, 1989, amended in 2000.

The main intention of these Rules is to impose restriction on the manufacture and storage of hazardous chemicals, as well as to control the import of hazardous chemicals, which are not permitted to import under this Rule.

7. The Biomedical Waste (Management and Handling) Rules, 1998, amended in 2003.

These Rules aims for the management, handling and safe disposal of Biomedical Waste generated from health care establishments, in environmentally sound manner to ensure that handling of such waste does not cause any damage to the Environment & danger to living creatures.

8. The Plastics Waste (Management and Handling) Rules, 2011.

These Rules was notified to lay down the conditions on the manufacture, stocking distribution, sale and uses of plastics carry bags, sachets and containers and plastic waste management including Recycling recovery or disposal of plastic waste.

9. The Municipal Solid Waste (Management & Handling) Rules, 2000.

The main thrust of these Rules is for implementation of the provision of these rules in prescribed schedule by the Concerned Authorities and for any infrastructure development for collection, storage, segregation, transportation processing and final disposal of Municipal Solid Waste in Environmentally sound manner so as to prevent contamingations of ground water, surface water and ambient Air quality.

10. The Noise Pollution (Regulation and Control) Rules, 2000 amended in 2006.

These Rules intends to regulate and control Noise-producing and noise-generating sources. Rules relating to Noise Pollution Control notified under Environment (Protection) Rules, 1986: These rules categorize the areas & zones for application of standards in respect of noise depending upon the category of area by restricting the use of noise generating sources to maintain the ambient air quality standards in respect of noise for different areas / zones.

Annual Report 2013-14

11. The Batteries (Management and Handling) Rules, 2001.

These Rules deal with the import, Manufacture, assembling, sale & use of lead acid batteries as well as storage, collection reconditioning and recycling of used lead Acid Batteries and their components, in an environmentally sound & safe manner so that no damage is caused to environment for the management and handling of used batteries.

12. The Ozone Depleting Substances (Regulation and Control) Rules, 2001.

The Rule aims for regulating the ozone depleting substances.

13. The Public Liability Insurance Act, 1991, amended in 1992 and Rules made there under;

The Act aims at providing immediate relief to the persons affected by accident occurring while handling & use of any hazardous substances beyond thresh hold limits prescribed under the Act.

About Haryana State Pollution Control Board

1.2 Composition of the Board

The section 4 of the Water (Prevention and Control of Pollution) Act, 1974 and section 5 of the Air (Prevention and Control of Pollution) Act, 1981 provides the power to the State Government to constitute the State Pollution Control Board in the respective states. As per said provisions of the Act, the Board comprises of a Chairman, a Member Secretary and fifteen other members nominated by the State Government. The members of the Board include the representative of government, local authorities and state - Controlled corporations as also some persons represents the interest of agriculture, fishers or industry or trade.

Chairman of the Board during the year 2013-14:

Sr. No.	Name	Period
1	Dr. Avtar Singh, IAS	up to 15.07.2013
2	Sh. Vijay Vardhan, IAS	15.07.2013 to 30.10.2013
3	Dr. Mahavir Singh, IAS	30.10.2013 onwards

The composition of the Board during the year 2011-12, as per Notification Endst. No. 2/22/2008-1E dated 23.12.2011 issued by the Environment Department Government of Haryana was as follows:-

Official Members

1.	Dr. Mahavir Singh, IAS	Chairman
2.	Sh. V.S. Kadian,	Member Secretary
3.	Director, Urban Local Bodies, SCO No. 6-7, Sector 17-B, Chandigarh.	Member
4.	Principal Chief Conservator of Forest, Haryana, Panchkula.	Member
5.	Transport Commissioner, Haryana 30-Bays Building, Chandigarh.	Member
6.	Public Health Engineering Department, Haryana, Panchkula.	Member

Annual Report 2013-14

6	Sweeper	01	01	-
Total		47	30	17

Activities & Infrastructure of the Board

4.1 Mandated activities of the Board

The section 17 of the Water (Prevention and Control of Pollution) Act, 1974 and the Air (Prevention and Control of Pollution) Act, 1981 have clearly declared the legally mandated responsibilities of the State Pollution Control Boards which are summarized below :-

- To plan comprehensive programme for the prevention, control or abatement of water and air pollution in the state and to secure the execution thereof;
- To advise the State Government on any matter concerning the prevention, control or abatement of water and air pollution;
- To collect and disseminate information relating to water and air pollution, and the prevention, control or abatement thereof;
- To encourage, conduct and participate in investigations and research relating to problems of water pollution and prevention, control or abatement of water pollution;
- To collaborate with the Central Board in organizing the training of persons engaged or to be engaged in programs relating to prevention, control or abatement of water and air pollution and to organize mass education programs relating thereto;
- To inspect sewage or trade effluent treatment works and plants installed for the treatment of sewage and trade effluents and to review plans, specifications or other data relating to plants set up for the treatment of water, works for the purification thereof and the system for the disposal of sewage or trade effluents or in connection with the grant of any consent as required by the Water Act & Air Act, or in connection with the grant of any Authorization or registration as required by the Environment (Protection) Act, 1986 and Rules made there under;
- To inspect, at all reasonable times, any control equipment, industrial plant or manufacturing process and to give, by order, such directions, to such persons as it may consider necessary to take steps for the prevention, control or abatement of air pollution;

Annual Report 2013-14

- To inspect air pollution control area at such intervals as it may think necessary, assess the quality of air there in and take steps for the prevention, control or abatement of air pollution in such areas;
- To lay down, modify or annual effluent standards for sewage and trade effluents and for the quality of receiving waters (not being water in an inter-state stream) resulting from discharge of effluents and to classify waters of the state;
- To lay down, in consultation with the Central Board and having regard to the standards for the quality of air laid down by the Central Board, standards for emission of air pollutants in the atmosphere from industrial plant and automobiles or for the discharge of any air pollutant into the atmosphere from any other source whatsoever not being a ship or an aircraft;
- To evolve economical and reliable methods of treatment of sewage and trade effluents having regard to the peculiar conditions of soils, climate and water resources of different regions and more specifically the prevailing flow characteristics of water in streams and wells which render it impossible to attain even the minimum degree of dilution;
- To evolve methods of utilization of sewage and suitable trade effluents in agriculture or other utilities;
- To evolve efficient methods of disposal of sewage and trade effluent on land, as are necessary on account of the predominant conditions of scant stream flows that do not provide for major part of the year the minimum degree of dilution;
- To lay down standards of treatment of sewage and trade effluents to be discharged in any particular stream by taking into account the minimum fair weather dilution available in that stream and the tolerance limits of pollution permissible in the water of the stream, after the discharge of such effluents;
- To make, vary or revoke any order for prevention, control or abatement of discharge of waste into streams or wells and requiring any person concerned to construct new systems for the disposal of sewage and trade effluents or to modify, alter or extend any such existing system or to adopt such remedial measures as are necessary to prevent control or abate water pollution;
- To lay down effluent standards to be complied with by persons while causing discharge of sewage or sullage or both, and to lay down, modify or annual effluent standards for the sewage and trade effluent;

Annual Report 2013-14

- To advise the State Government with respect to the suitability of the any premises or location of any industry, which is likely to cause air pollution or likely to pollute a stream or well;
- To perform such other functions as may be prescribed or as may, from time to time, be entrusted to it by the Central Board or the State Government; and
- To do such other things and to perform such other acts as it may think necessary for the proper discharge of its functions and generally for the purpose of carrying into effect the purpose of the Air Act.

Although the Board's primary responsibility is to implement the environmental regulations within the state of Haryana, but during the last decade there has been a paradigm shift in the concept of implementing environmental regulation with a judicious mix of command and control regime with economic instruments for controlling pollution, as also, solving various long standing environmental issues through consensus where the Board went beyond it's mandated activities and acted as a promoter, providing financial assistance for controlling pollution in Government Department.

4.2 Infrastructure of the Board

The Board is headed by a Chairman with its head quarters at Panchkula. There are 12 Regional offices in the State located at Dharuhera, Ballabgarh, Gurgaon (North), Gurgaon (South), Faridabad, Bahadurgarh, Sonapat, Panipat, Panchkula, Hisar, Yamuna Nagar & Jind. The Board has established four laboratories of its own at Panchkula, Gurgaon, Faridabad, & Hisar for carrying out the work of collection & analysis of different types of effluents/ water samples and air emission samples from various industries of the state.

4.3 Functional Structure of the Board

The Board functions through its Engineering wing, scientific wing, Legal Wing, Administration wing, Accounts wing and Information Technology Cell. The Engineering wing is headed by Environmental Engineers and is mainly involved in implementing various environmental statutes in the State of Haryana including monitoring work and redressing public complaint.

The Scientific wing, headed by Scientists, is looking after the Board's four Laboratories and is also involved in various environmental monitoring projects as well in the implementing various Environmental statutes.

The Legal wing, headed by the District Attorney, is looking after the legal aspects and representing the Board at different Courts of law.

The Administrative wings are managing the administrative and personal matters.

The Accounts wing manages the accounts and finance related issues of the Board.

Regulation of Plastic Carry Bags

Vide Notification No. 2/8/2013-R-II dated 20th August, 2013 issued by Urban Local Bodies Department, Haryana Government prohibited the manufacture, distribution, stock, sale and use of plastic carry bags in the State and the use of all types of plastic articles such as plates, cups, tumblers, spoons, forks and straw has been banned in the following areas having special historical, religious, ecological significance:

- (i) Municipal Limits of Thanesar and Kurukshetra Towns.
- (ii) All Wildlife Sanctuaries and National Parks of Haryana.
- (iii) Gram Panchayat, Morni.
- (iv) Precincts of Mansa Devi Temple, Panchkula and Sheetla Mata Temple, Gurgaon.

Additional Authorities have been prescribed for effective implementation of the Notification viz District Magistrate, Additional District Magistrate, District Development and Panchayat Officer, Sub-Divisional Magistrate, City Magistrate, Executive Engineer, Public Health Engineering Department, District Food and Supplies Controller, District Town Planner, Estate Officer, Haryana Urban Development Authority, Block Development and Panchayat Officer, Tehsildar and Naib Tehsildar, Assistant Environmental Engineer/Scientist-B, Haryana State Pollution Control Board, Executive Officer/Secretary, Municipal Council/Committee.

Regular checkings has been conducted by the officers of the HSPCB and other authorized officers as per provisions of the notification and challans were issued against the violators of the above said notification issued by Govt.

Cloth/Jute bags were distributed among the general public on special occasions like World Environment Day, World Earth Day, World Water Day, World Wetland Day at all the District Head Quarters to discourage the use of plastic carry bags among the general public. This has spreaded a positive message amongst the masses including school children, to stop the use of plastic carry bags.

Action Plans / Projects for Abatement of Pollution

1. Status of information of Action plan critically polluted area of Panipat & Faridabad

- Reminders were issued vide letter dated 02.04.2013 to the remaining line department i.e. Director Industries EIC Public Health Engineering Department, Director Urban Local Bodies, CAHUDA for taking action related to their department.
- RO Panipat vide his letter dated 08.04.2013 issued agenda of the local committee to be held under the Chairmanship of Deputy Commissioner on 30.04.2013 to review the implementation of Action Plan.
- Reminders were again issued to Director Industries, Director Urban Local Bodies, on 30.05.2013 for taking action in respect of action points related to their department.
- Director Industries vide his letter dated 13.05.2013 directed the Joint Director, DIC Panipat for taking action as per the action points given in the Action Plan.
- Director Urban Local Bodies written a letter to Commissioner, Municipal Corporation, Faridabad & Panipat for taking action on the action points relating to their organization vide dated 26.08.2013.
- CPCB vide their letter dated 8th October, 2013 requested to depute some Scientist for monitoring of dioxin and furan in critically polluted town of Faridabad on 11.10.2013 and accordingly AEE and Scientist 'B' Faridabad were deputed for monitoring Dioxin and Furan vide letter dated 10.10.2013.
- Deputy Commissioner, Faridabad was requested vide letter dated 02.12.2013 to convene a meeting of District Level Committee by inviting all concerned line departments to review the status of implementation of Action Plan for abatement of Pollution of Faridabad town.
- Letters were written to RO Faridabad and Ballabgarh on 20.12.2013 to review the status of implementation of Action Plan to review the status of implementation of Action Plan abatement of pollution in critically polluted town of Faridabad so that state level meeting could be connected.

2. Shifting of Dyeing Units of Panipat from Non-conforming Area to Approved Industrial Area developed by HUDA.

The major problem of Panipat town was pollution caused by textile dyeing units located in residential areas. Earlier, Textile dyeing units were discharging polluted effluent in Panipat drain or in Cess Pools resulting in degradation of environment in the city. Accordingly, the matter regarding shifting of dyeing units was taken up in the meeting of Environment Protection Council in the year 2001. As per the decision taken in the Environment Protection

Annual Report 2013-14

Council, Haryana Urban Development Authority was made nodal agency for planning & development of infrastructure for Sector-29, Part-II for shifting of dyeing units from residential area. As per the survey conducted by a team of officers comprising of SDM Panipat, Regional Officer, Panipat Pollution Control Board, GMDIC Panipat 494 units were identified which were located in residential area and were required to be shifted to an approved industrial Estate in Sector-29, Part-II.

Haryana Urban Development Authority (HUDA) prepared a project for shifting of all these textile dyeing units which were located in residential area to an approved industrial area in Sector-29, Part-II. Accordingly, industries were persuaded to shift to industrial. Estate, Sector-29, Part-II. Haryana Urban Development Authority has already set up one Common Effluent Treatment Plant of 21 MLD capacity in the first phase for treatment of combined effluent of textile dyeing units which have been shifted in the Industrial Estate, Sector-29, Part-II. At present, Common Effluent Treatment Plant is receiving approx. 20 MLD effluent for treatment and has reached almost to its full capacity. There is a proposal of Haryana Urban Development Authority for installation of second unit of Common Effluent Treatment Plant of 21 MLD capacity.

Progress and status regarding shifting of dyeing unit of panipat form residential/non-conforming areas to Approved Industrial area of sec- 29 part – II ,Panipat

a)	Number of plot allotted by HUDA	498
b)	NOC applied	325
c)	NOC granted	280
d)	No. of units started production	222

3. Inter State Pollution matter:-

a) Interstate pollution caused by Bhiwadi Industries Area Rajasthan in Dharuhera Region of Haryana.

The Bhiwadi Industrial Area development by Rajasthan Industrial Infrastructure Corporation (RIICO) is just 2 KM from Dharuhera town in Haryana. Partially treated/ untreated trade effluent of Bhiwadi Industrial Area alongwith Sewage effluent of Bhiwadi town is travelling towards Haryana territory by natural gradient. RIICO has installed CETP and now installed 4 MLD Sewage Treatment Plant (STP) but these are not adequate and moreover there is no proper disposal of effluent coming from Rajasthan as it flows towards Haryana affecting Dharuhera Area. The matter regarding pollution from Bhiwadi industrial area was taken up with Central Pollution Control Board being interstate Pollution problem from time to time. During rainy season untreated effluent from open channel of Bhiwadi Industrial Area reaches Haryana territory and also pollution the subsoil water.

Accordingly Haryana state Pollution Control Board, has requested the Central Pollution Control Board to issued necessary directions to Rajasthan State Pollution Control

Annual Report 2013-14

Board to control pollution from Bhiwadi Industrial area as the same is effecting Haryana territory.

b) Interstate pollution caused by Parwanoo & Kala Amb Industrial Area of Himachal Pradesh & Punjab

Untreated/ Partially effluent being discharge by Parwanoo Industrial Area & Kala Amb Industrial Area alongwith untreated sewage effluent of these towns in river Kaushalya and Markanda respectively affecting the water quality of river Ghaggar adversely. The matter regarding interstate pollution from Himachal Pradesh was taken up with the Central Pollution Control Board from time to time being interstate pollution problem. The results of water samples of river Markanda and Jattanwala Nallah collected by Haryana State Pollution Control Board from time to time reveal that the BOD value has been reported to be as high as 510 milligram per litre in Jattanwala Nallah which is far beyond the permissible limits. The Jattanwala Nallah joins Markanda river and the BOD in Markanda river coming from Jattanwala Nallah in Markanda river the BOD value in river Markanda after meeting Jattanwala Nallah is 145 milligram per litre against the permissible limit of 3.0 milligram per litre. Himachal Pradesh requesting him to intervene in the matter and issue necessary instructions to the Himachal Pradesh Pollution Control Board to take necessary action against the polluting industries in Kala Amb.

Further, River Ghaggar also receives polluted effluent of untreated/ partially treated Industrial and sewage from various towns of Dear Bassi, Banur, Mohali, Zirakpur, Patiala, Sardulgarh & Moonak. The matter regarding pollution in river Ghaggar from State of Punjab was taken up with the State of Punjab and a meeting was held under the Joint Chairmanship of Chief Secretary of State of Haryana & State of Punjab on 17th Jan, 2014 regarding pollution in river Ghaggar and its control. Both the State have agreed to take immediate remedial measures regarding installation of Sewage Treatment Plants, Effluent Treatment Plants by industries & Common Effluent Treatment Plants.

As a follow up to the meeting of the Chief Secretary of the State of Punjab & Haryana held on 17.01.2014, a meeting shall be held at the level of Additional Chief Secretary/ Principal Secretaries of Environment, Public Health Engineering Department, Urban Local Bodies Department of both State to review the progress of steps taken by State of Haryana & Punjab for controlling pollution in river Ghaggar. Review meeting will check the progress of steps taken for controlling pollution in towns along river Ghaggar.

c) Interstate pollution problem of river Yamuna due to discharge of partially/ untreated effluent of Delhi

The water quality of river Yamuna when it passes through the State of Haryana upto Haryana Delhi Border at Village Palla remains well within the permissible limits as the BOD value ranges from 1.4 to 2.8 milligram per litre against the permissible limit of 3.0 milligram per litre as per date of joint sampling done from January to March, 2014. River Yamuna is getting polluted due to discharge of untreated /partially treated effluent of 22 drains of Delhi and one drain of Uttar Pradesh in river Yamuna in Delhi territory. As a result of this, the water of river Yamuna becomes highly polluted as the BOD ranges from 35 to 43 milligram per litre against the permissible limit of 3.0 milligram per litre. The matter has been taken up

Annual Report 2013-14

with the Central Pollution Control Board and the Ministry of Environment & Forests, Government of India from time to time being interstate pollution problem.

The matter regarding pollution in river Yamuna is pending in Hon'ble Supreme Court in the matter of WP (c) No. 725/94 " And Quiet Flows the Maily Yamuna". The Hon'ble Apex Court has constituted a Committee under the Chairmanship of Secretary, Ministry of Environment & Forests to look into the matter regarding possibility of constricting a master drain in Delhi territory in which to waste from all drains could be discharged and the master drain will take the entire waste to join the Agra Canal. In the Committee Chief Secretaries of State of Haryana & Uttar Pradesh, CEO Delhi Jal Board, Member Secretary CPCB, Commissioner, MCD, Vice Chairman DDA, Additional Secretary, Ministry of Water Resources, Senior Representative of NCT of Delhi & Directors of two IITs of Delhi & Roorkee are members. This Committee has constituted a Technical Sub-Committee. Three meetings of Technical Sub-Committee have been held wherein the report prepared by both IITs regarding construction of parallel drain on the right side of river Yamuna have been proposed which will carry effluent of all the drains and joins Agra Canal downstream of river Yamuna. The State of Haryana has sent the comments to the Member Secretary, Central Pollution Control Board and two Directions of IITs i.e. Delhi & Roorkee that no untreated/partially treated effluent from any drain in Delhi territory be discharged in the proposed master drain which shall meet Agra canal near Okhla bridge and the water of master drain must comply with standards of water bodies. The matter is still pending in Hon'ble Supreme Court.

Waste Minimization

(i) Clean and Advance Technology for waste Minimization

Clean Technology is an emerging field. Many industries have adopted clean technologies in the State to minimize the generation of pollutants right at the source, which is best option in the environment management. The end of pipe treatment is a costlier and cumbersome process. The category of which have adopted clean technology are electroplating, distillery, oil refining, used oil, basic drugs, textile dyeing etc. and list of such units operating in Haryana.

(ii) Zero Discharge

All the eight distillery units of Haryana installed Reverse Osmosis / Nano filtration/multiple effect evaporation system for achieving zero discharge in compliance of the directions of three members High Powered Committee constituted by Hon'ble Supreme Court of India. The Ministry of Environment & Forests, Govt. of India had appreciated the efforts of HSPCB for ensuring zero discharge in distillery units which are highly polluting in nature. The list of distillery units operating in Haryana State is given as under :-

Sr. No.	Name & address of the unit
1	N.V. Distilleries Ltd., Village Badholi, Tehsil. Naraingarh, Distt Ambala
2	M/s Haryana Organics, 4 th KM Stone, Chulkana road, Samalkha, Panipat
3	M/s Panipat Co-operative Sugar Mills (Distillery Unit), Gohana road, Panipat
4	M/s Frost Falcon Distilleries Ltd., Vill- Jahri, Sonapat
5	M/s Ashoka Distillires & Chemicals Pvt Ltd., Gehlab Road, Hathin, Palwal
6	Associated Distilleries Ltd., Bye Pass Road, Hisar
7	Haryana Distillery, 45, Industrial Area, Distt. – Yamuna Nagar
8	Piccadily Distillery, Bhadson, Indri, Karnal

Most of the distilleries which were using molasses as raw material got converted in to grain base distillery process.

Most of the construction and area development projects have adopted the zero liquid discharge concept by utilizing their trade effluent for horticulture purpose within their premises.

Action taken against the defaulting units

8.1 Closure Action

The Board is taking closure action under section 33-A of Water (Prevention & Control of Pollution) Act, 1974, under section 31-A of Air (Prevention & Control of Pollution) Act, 1981 & under section 5 of Environment (Protection) Act, 1986 against the defaulting units where the samples were failed, non applicant of consent etc.

The Closure Orders issued against the defaulting units due to non compliance under above said Acts are given as under:-

Region	No. of closure order issued under EP Act, 1986	No. of closure order issued under Water Act, 1974	No. of closure order issued under Air Act, 1981	No. of closure order issued jointly under Water & Air Act	Total No. of closure order issued
Panchkula	2	0	0	75	77
Yamuna Nagar	0	9	21	20	50
Panipat	0	29	3	167	199
So nepat	0	5	5	22	32
Faridabad	0	0	0	20	20
Ballabgarh	0	3	2	19	24
Gurgaon (North)	1	6	7	21	35
Gurgaon (South)	0	7	5	30	42
Dharuhera	0	5	34	5	44
Bahadurgarh	0	6	11	14	31
Hisar	0	11	1	0	12
Jind	0	0	8	0	8
Total	3	81	97	393	574

The list is given at Annexure-I

Annual Report 2013-14

8.2 Legal Action

The Board is taking legal action under the provisions of Water (Prevention & Control of Pollution) Act, 1974, Air (Prevention & Control of Pollution) Act, 1981 and Environment (Protection) Act, 1986 against the industrial units/projects violating the above said Acts/Rules.

The status of court cases is given as under:-

(A) New Cases Filed :

Region	No. of Court Cases filed under EP Act	No. of Court Cases filed under Water Act	No. of Court Cases filed under Air Act	No. of Court Cases filed under Water & Air Act
Panchkula	2	0	0	2
Yamuna Nagar	0	0	0	0
Panipat	0	0	1	1

CHAPTER -9

Grossly Polluting Industry & Highly Polluting 17 Category Industries

9.1 Grossly Polluting Industry- GPIs

Industries discharging effluents into a water course and (a) handling hazardous substances, or (b) effluent having BOD load of 100 Kg per day or more, or (c) a combination of (a) and (b). In 1993-94, CPCB initiated identification of industries along the rivers to control industrial discharges into rivers.

The National River Conservation Authority (NRCA) in its meeting dated July 12, 1997 directed to install the requisite effluent treatment systems in industries located on the bank of water-bodies.

In compliance of above, CPCB issued directions under Section 18(1) (b) of The Water Act, 1974, to all the SPCBs/PCCs on July 14, 1997, for inventorization of GPIs and initiating action against the defaulting industries.

The status of Grossly Polluting Industry is given as under:-

Region	No. of Grossly Polluting Industry
Panchkula	7
Yamuna Nagar	8
Panipat	11
Sonepat	19
Faridabad	15
Ballabgarh	2
Gurgaon (North)	10
Gurgaon (South)	37

Jind	8
Total	142

The list is given at Annexure-V

Annual Report 2013-14

9.2 Highly Polluting 17 Category Industries

MoEF issued a notification on January 16, 1991 to ensure compliance of environmental standards in polluting industries. MoEF formulated 15 point programme for priority action.

CPCB selected 18 Categories of major polluting industries and after discussion 17 Categories of highly polluting industries are finalized for regular follow up through CPCB is given as under:-

Aluminium Smelting, Basic Drugs & Pharmaceuticals Manufacturing, Chlor Alkali/ Caustic Soda, Cement (200TPD and above), Copper Smelting, Dyes and Dye Intermediate, Fermentation (Distillery), Fertiliser, Integrated Iron & Steel, Leather Processing including Tanneries, Oil Refinery, Pesticide Formulation & Manufacturing, Pulp & Paper (30 TPD and above), Petrochemical, Sugar, Thermal Power Plants, Zinc Smelting

The status of Highly Polluting 17 Category Industries is given as under:-

Region	No. of Highly Polluting 17 category Industries
Panchkula	10
Yamuna Nagar	16
Panipat	9

Cess Collection

The Government of India has enacted the Water (Prevention and Control of Pollution) Cess Act, 1977 to provide for the levy and collection of a Cess on water consumed by industries and by local authorities with a view to augment the resources of the Central Pollution Control Board and the State Pollution Control Boards. The Cess Act came into force with effect from 1st April, 1978. The local authorities defined under section 2 and industries under section 3 of the Cess Act are liable to pay the Cess.

During the year 2013-14 Cess amount of Rs. 6,53,97,153/- has been collected and the Region wise detail is given as under :-

Name of the Region	Cess Assessed	Cess Collection
Hisar	41,67,097	57,91,624
Panchkula	52,38,497.96	57,48,574

Total	5,68,23,976	6,53,97,153

Continuous Ambient Air Quality Monitoring Report

India was listed fifth amongst the poisonous gas emitting nations in the world. With pollution levels rising across the country, revised National Ambient Air Quality standards for twelve pollutants were notified in 2009 by the Ministry of Environment and Forests (MOEF). Pollutant includes gases like sulphur dioxide, nitrogen dioxide, ozone, carbon monoxide, ammonia and particulate matters below 10 micron, below 2.5 micron size. As per revised norms, residential and industrial areas have the same standards. The revised ambient air quality standards provide a legal framework for the control of air pollution and the protection of public health which has provision for any citizen to approach the court for better air quality. In India, these norms are governed by the Central Pollution Control Board (CPCB) and implemented by the Haryana State Pollution Control Board.

Continuous Ambient Air Quality Monitoring include Design, detailed system engineering, manufacture and supply of Fixed Continuous Ambient Quality Air Monitoring System as per CPCB/SPCB guidelines comprising of – SO_x, NO_x, NH₃, Cl₂, CO Analysers, Weather monitors, associated auxiliary items including PC based data acquisition system with suitable Software to hook up with State Pollution Control Boards. The Board has installed four Continuous Ambient Air Quality Monitoring Stations at Faridabad, Gurgaon, Rohtak and Panchkula.

The data for the four stations are given at **Annexure-XIII**.

Status of Consent

14.1 Categorization of industrial units/projects under Red, Orange and Green categories.

The Board has categorized the industrial units/projects under Red, Orange and Green categories on the basis of the directions given by Central Pollution Control Board. The Green category of the industries were exempted from consent management vide order Endst. No. 2936-56 dated 16.11.2012 in view of less pollution potential. However green categories units/projects are required to provide the required pollution control devices if required and to comply with standards prescribed for discharge of pollutants under Environment (Protection) Rules, 1986..

The status of industries covered under Red and Orange category is given as under:-

Region	Red	Orange	Total
Panchkula	323	537	860
Yamuna Nagar	440	686	1126
Jind	380	610	990
Ballabgarh	537	433	970
Dharuhera	593	196	789
Bahadurgarh	447	663	1110

Panipat	370	137	507
Faridabad	177	72	249
Gurgaon (N)	241	279	520
Hisar	138	561	699
Gurgaon (S)	488	196	684
Total	4396	4947	9343

Annual Report 2013-14

14.2 Consent to Establish under water Act, 1974 & Air Act, 1981.

All the industrial units/project covered under Red and Orange category require prior consent to establish from the Board for their establishment or any extension or addition thereto.

The status of Consent to Establish under Water Act, 1974 & Air Act, 1981 is given as under:-

Region	Applicati on pending as on 31.3.2013	Applicati on received during 2013-14	Total Application	Grante d	Refuse d	Pending	
						Under SCN	Pending for decision
Panchkula	0	65	65	55	10	0	0
Yamuna Nagar	0	153	153	70	83	0	0

15.3 Status of units registered as Traders for import of Hazardous waste listed in Part-D of Schedule-III on behalf of the Actual users under Hazardous Waste (M & H) Rules, 2008

- Import or export of Hazardous Waste for recycling, recovery and reuses.-
- (1) The import and export of the hazardous wastes specified in Schedule-III, shall be regulated in accordance with the conditions laid down in the said schedule:
- (2) Subject to the provisions contained in sub-rule (1), -
- (i) The import or export of the Hazardous wastes specified in Part A of Schedule-III shall require Prior Informed Consent of the country from where it is imported or exported to, and shall require the license from the Directorate General of foreign Trade and the prior written permission of the Central Government;
- (ii) The import of the hazardous wastes specified in Part B of Schedule III shall not require Prior Informed Consent of the country from where it is imported;
- (iii) The import and export of the hazardous wastes not specified in Part A and Part B of Schedule III but having the hazardous characteristics outlined in Part C of the said Schedule shall require the prior written permission of the Central Government, before it is imported into or exported from India, as the case may be.

Region	No. of units registered as Traders for import of Hazardous waste with in pond-D of Schedule-III on behalf of the Actual user

Annual Report 2013-14

15.4 Status regarding Receipt and disposal of Hazardous waste in TSDF :

A common Hazardous Waste Treatment & Disposal Facility has been developed at Pali (Faridabad by Haryana Environment Management Society with the assistance of State Govt.HSPCB, which is being operated by M/s Gujarat Enviro Protection and Infrastructure (Haryana) (P) ltd.

Waste Processing capacity of the facility is 25000 MTs/per annum including incineration having incinerator of capacity 12 to 14 tons per day

Approximately 11661 tons of Hazardous Waste is received per year at the facility.

Status of E-Waste Management

16.1 Units registered for Dismantling & Recycling of E-Waste under E Waste (M & H) Rules, 2011

The E-waste (Management & Handling) Rules, 2011 have been notified with primary objective to channelize the E-waste generated in the country for environmentally sound recycling which is largely controlled by the un-organized sector who are adopting crude practices that results into higher pollution and less recovery, thereby causing wastages of precious resources and damage to environment.

E-waste consists of all waste from electronic and electrical appliances which have reached their end- of- life period or are no longer fit for their original intended use and are destined for recovery, longer fit for their original intended use and are destined for recovery, monitors, printers, keyboards, central processing units; typewriters, mobile phones and chargers, remotes, compact discs, headphones, batteries, LCD/Plasma TVs, air conditioners, refrigerator s and other household appliances. The composition of e-waste is diverse and falls under 'hazardous' and 'non-hazardous' categories. Broadly, it consists of ferrous and non-ferrous metals, plastics, glass, wood and plywood, printed circuit boards, concrete, ceramics, rubber and other items. Iron and steel constitute about 50% of the waste, followed by plastics (21%), non-ferrous metals (13%) and other constituents. Non-ferrous metals consist of metals like copper Non-ferrous metals consist of metals like copper, aluminium and precious metals like silver, gold, platinum, palladium and so on. The presence of elements like lead, mercury, arsenic, cadmium, selenium, hexavalent chromium, and flame retardants beyond threshold quantities make e-waste hazardous in nature.

Annual Report 2013-14

The list of units registered as recycler/dismantler is given as under:-

Region	Sr. No.	Name and Address of the Unit	Activity Recycling/dismantling	Quantity of E-Waste TPA	Validity	Date
Bahadurgarh	1.	Giriraj Metal, P. No. 39, HSIIDC, Rohtak.	Dismantling	2000	1.7.2013 to 30.06.2015	01.07.2013
	2.	Earth Waste Management (P) Ltd, Vill-Ismaila, Distt. Rohtak	Dismantling	600	01.07.2013 to 30.06.2015	01.07.2013

Bio-Medical Waste Management

17.1 Status of Authorization under Bio Medical Waste Rules, 1998

Bio-medical Waste (Management & Handling) Rules, 1998 were notified by the Ministry of Environment & Forests (MoEF) under the Environment (Protection) Act, 1986. These rules apply to all persons who generate, collect, receive, store, transport, treat, dispose or handle bio-medical waste in any form. The 'prescribed authority' for enforcement of the provisions of these rules in respect of all the health care facilities located in State.

The status of Authorization under Bio Medical Waste Rules, 1998 is given as under:-

Region	Total units	Applied	Granted	Refused	Pending	
					SCN	Not decided
Panchkula	298	298	298	0	0	0

Municipal Solid Waste Management

Municipal Solid Waste (MSW)—more commonly known as trash or garbage—consists of everyday items we use and then throw away, such as product packaging, grass clippings, furniture, clothing, bottles, food scraps, newspapers, appliances, paint, and batteries. This comes from our homes, schools, hospitals, and businesses.

1. Total Number of Local Bodies in the State (During 2013-14)	74
2. Number of Town (2013-14)	79

Hisar	30	30
Jind	7	7
Total	331	331

The list is given at Annexure-XVII

Public Hearings

Public Hearing/ Consultation conducted during the year 2013-14 under EIA Notification Dated 14.9.2006

Public hearings are held as part of the public inquiry process. This provides interested parties with the opportunity to expand on written submissions and to discuss inquiry issues with Commissioners in a public forum.

Any organisation or person can attend a hearing, either to speak to a submission or simply to observe the proceedings.

Participation

Commission staff will contact those parties who have registered to speak to schedule a specific time for their appearance. While the amount of time allocated to individual participants will vary, it will usually not exceed one hour.

Participants are not required to attend for the entire duration of a hearing, although they are welcome to observe other speakers should they wish to do so.

At the conclusion of the schedule for the day (or during appropriate breaks in proceedings), Commissioners may accept brief comments from anyone in the audience. These comments will also be included in the transcripts. Interjections from the floor are not permitted during proceedings.

Name of the Region	Number of public Hearing Conducted
Panchkula	1
Yamuna Nagar	2
Gurgaon (North)	1
Ballabgarh	1
Dharuhera	3
Bahadurgarh	1
Panipat	1
Hisar	5

Status of units registered for Recycling / Re-processing of Hazardous Waste issued in schedule IV Hazardous Waste (MS & T) Rules, 2008.

Sr. No.	Name and Address of the Unit	Detail of Waste	Registered Quantity	Valid up to	Date
1.	B.N. Concast P. Ltd., 18, HSIIDC, Barwala, PKL	Used oil	3000 KL/A	Valid till the unit is complying	---
2.	Cosmos Zinox Industries P. Ltd. Plot No. 401, Ph-I, PKL	Zinc	3950 MT/A	25.05.2016	---
3.	Fertichem Enterprises P. Ltd. 404, Ind. Area, Ph-II, PKL	Zinc Ash, Zinc Skimming, Zinc Dross, Brass Scrap	4500 MT/A	06.04.2016	---
4.	Mittal Battery Industry, Plot No. 349, Ph-I, PKL	Lead scrap/ Copper wire	500 MT/A	17.04.2018	---
5.	S.S. Batteries, Plot No. 150, HSIIDC, Barwala, PKL	Lead acid battery	240 MT/A	09.06.2018	---
6.	Floorex Tiles, Plot No. 198, Ind. Area, Ph-I, PKL	Zinc dust, Zinc Dross	8 MT/Day	30.06.2018	---
7.	Maa Bala Sundri Industry, Plot No. 449, HSIIDC, Sector-2, Saha, Ambala	Zinc Ash, Zinc Skimming, Zinc Dross	6000 MTA	02.05.2015	---
8.	Stalwart Industries, Vill- Yari Ladwa Road, Shahabad, Markanda, Kurukshetra	Lead acid battery	10000 MTA	06.10.2016	---
9.	Carewell Lubricants Industry, Vill Sandhir, Nilokheri, Karnal.	Used Oil	1500 KL/A	21.09.2016	---
10.	Haryana Petro Chemicals, Meerut Road, Karnal	Used Oil & Waste Oil	1200+4200=54 00 KL/A	23.10.2016	---
11.	Universal Lubricants & Specialty Products, Vill Danialpur, Kunjpura Road, Karnal	Used Oil	3600 KL/A	valid subject to term & conditions mentioned in certificate	---

Annual Report 2013-14

12.	Shiv Refinery, Vill Newal, Kunjpura Road, Karnal.	Used Oil	1000 KL/A	20.09.2016	—
13.	Prabhat Fertilizer & Chemicals works, Indri Road, Vill- Kurali, Karnal	Zinc Ash & Zinc Skimming	8000 MT/A	10.06.2017	—
14.	Prabhat Fertilizer & Chemicals works, Mangalpur, Kunjpura, Karnal	Zinc Ash & Zinc Skimming	4000 MT/A	valid subject to term & conditions mentioned in certificate	—
15.	Dee Kay Exports, # 24, Industrial Estae, Phase - I, Yamuna Nagar.	Zinc Skimming & Zinc Ash	3410 MT/A	valid subject to term & conditions mentioned in certificate	—
16.	Upper India Smelting & Refinery Works, 11 - E, Industrial Area, Yamuna Nagar.	Zinc Dross Zinc Ash & Zinc Skimming	6500 MT/A 5500 MT/A	2.02.2015	—
17.	Ashok Metal Refinery Works, Chhachhrauli Road, New Buria Gate, Jagadhri.	Zinc Ash & Zinc Dross	5000 MT/A	18.09.2016	—
18.	Sagar Metallics, Durga Garden, Jagadhri, Yamuna Nagar	Zinc, Aluminum, Copper & Brass Ash and Dross	2430 MT/A	8.04.2017	—
19.	Shiv Metals, Gulab Nagar Chowk, Bilaspur Road, Jagadhri.	Brass Dross Zinc Ash Copper Dross	200 MT /A 70 MT/A 30 MT/A	10.05.2014	—
