## Proposed Awareness Plan:

Each and every customer is advice and creates awareness about how can we handle the electronic goods and channelize it to approved E-waste recycler/dismantler as per E-waste management rules 2016. Lack of awareness among various stakeholders about the ill effects of the end-of-life products (e-waste), is the major concern in our country. For reducing the adverse impact on environment and health we need to initiate sustainable mechanism to create awareness among the stake holders.

H. K. Enterprises will launch awareness programme on Environmental Hazards of Electronic Waste under EPR plan implementation. We are planning to provide financial support for conducting various awareness programmes by Academic Institutions, Industry Associations and professional organisations for organizing workshops/ seminars for schools/ colleges/ Resident Welfare Associations (RWAs)/ Bulk Consumers/ Regulatory bodies, media engagement etc. so that they can provide information regarding buy-back programme system of H. K. Enterprises and making campaign material for wide circulation on ill-effects associated with e-waste.

An e-waste awareness manual can be provided to customers for handling e-waste with proper guidelines as per E-waste management rule 2016.

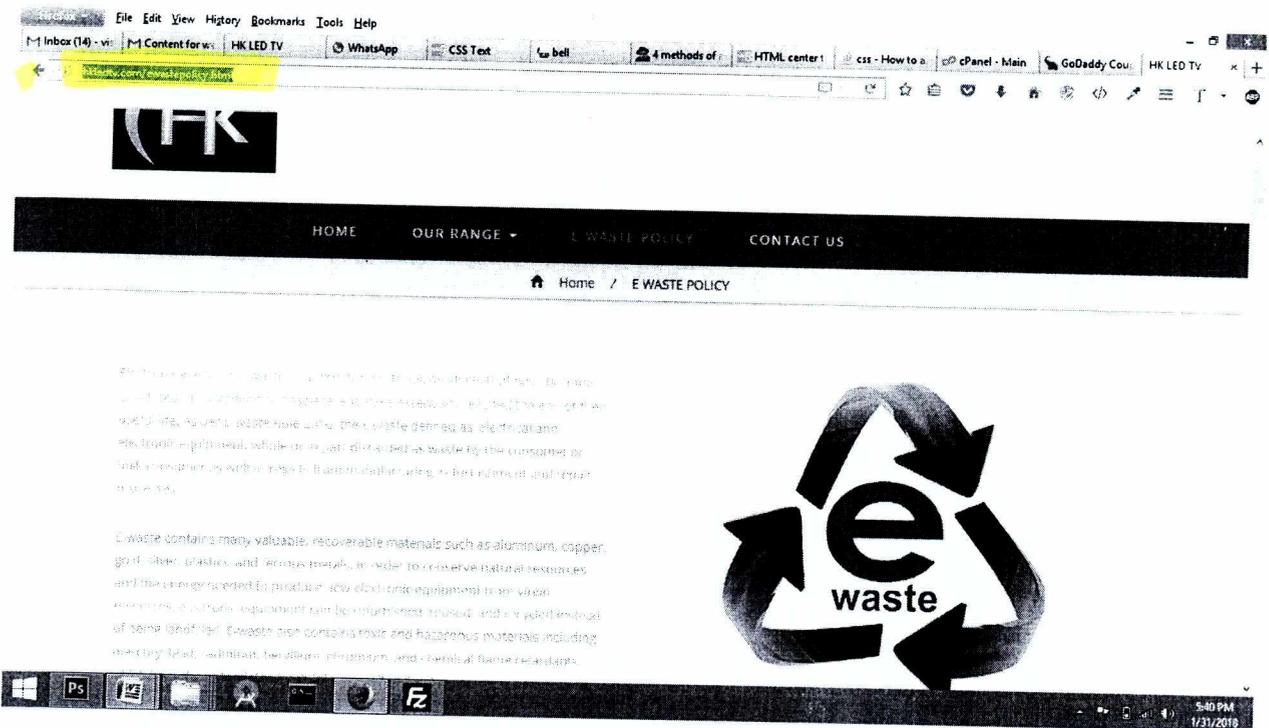

We also try to provide awareness to all by the means of social media like Facebook, and providing advertisements and posters so that each and every customer would be aware about how to handle the E-waste.
