Order

Sub: Data of effluent samples from STPs and its information uploading on website of HSPCB (<https://hspcb.gov.in>).

The effluent samples from STPs are collected by officers of Board and samples sent to Labs for analysis. The analysis reports are then sent to ROs and subsequently, the complied results are sent to Head Office. The IT Cell developed a module for Monitoring of STP on HSPCB website to upload various parameters like BOD, COD, pH, TSS, Conductivity etc. Further, a facility has also been created in portal so that RO could upload/mention the action taken for non-compliance (if any) and corresponding action plan along time to be taken for rectification / modification of STPs. The list of code for each STP is enclosed herewith. The ROs should get the code created for any new STP from the IT cell.

Therefore, all lab Incharges should upload the results of sample analysis reports on the website of the Board. The Regional Officers shall upload the information of action taken for non-compliance of STP alongwith corresponding action plan on the portal of HSPCB.
