

HARYANA STATE POLLUTION CONTROL BOARD

C-11, SECTOR-6, PANCHKULA

Ph. 0172-2577870-73

E-mail:hspcbwatercell@gmail.com

Order

Sub: Data of Water Quality of Rivers/Drains and its information uploading on website of HSPCB (<https://hspcb.gov.in>).

The samples of Water Quality of rivers/drains are collected by Regional offices and samples sent to Labs for analysis. The analysis reports are then sent to ROs and subsequently, the complied results are sent to Head Office. This causes a lot of delay. Hence, a web facility has been created for uploading of results for lab itself so that these are available to HO/ROs immediately after analysis. It will also save time in compilation.

Therefore, all Lab Incharge are required to upload results of analysis reports directly on portal very carefully and there should not be any typing error. The hard copy should be sent to respective Regional Office for their records. The Regional Office shall subsequently upload the reason of pollution/source of pollution for each point after every analysis. The action plan of each point should also be obtained from respective department/agency/person and upload on website. The action as per law against violators/polluters should be spontaneous.

**Dated the
25th August, 2020**

**S. Narayanan, IFS
Member Secretary**

No. HSPCB/WC/ 3014-3045

Dated 25.08.2020
