**Notification**

**The 2<sup>nd</sup> May, 1996** No. S.O. 58/C.A. 29/1986/S. 5/96 –  
whereas the Supreme Court in its orders dated the 12<sup>th</sup> January, 1996, issued directions to the State Government that all the recommendations and suggestions given by Central Pollution Control Board are to be complied with and acted upon in the locality concerned;

And whereas, it has been recommended by Central Pollution Control Board that no pulverizer unit be allowed to operate without fulfilling the siting parameters and other modalities as set out in the report of Central Pollution Control Board;

And whereas incompliance with the orders dated 12<sup>th</sup> January, 1996 of the Supreme Court of India, for the purpose of maintaining ecological balance in the State and to avoid traffic and human health hazardous, it is necessary and expedient to take immediate steps under section 5 of Environment (Protection) Act, 1986 and rules made there under;

And whereas, the State Government is of the opinion that in view of the orders of the Supreme Court of India, it is not necessary to issue notice for providing an opportunity to file objections against the proposed directions;

Now, therefore, in exercise of powers conferred by Section 5 of Environment (Protection) Act, 1986 read with Government of India, Ministry of Environment & Forests (Department of Environment, Forests & Wild Life) Notification No. S.O. No. 152 (E) dated the 10<sup>th</sup> February, 1988 and in pursuance of the provisions of Rule 4 of the Environment (Protection) Rules, 1986, the Governor of Haryana hereby directs as under:-

- (i) That the pulverizers shall install pollution control measures to the satisfaction of Haryana State Pollution Control Board and shall obtain 'No Objection Certificate' and 'Licence' from Haryana State Pollution Control board and Mines and Geology Department, respectively and also conform to all other statutory regulations, if any;
- (ii) That pulverizers will operate as a part of pit head activity, ancillary to mining and processing of minerals and distance of 800 meters from the place of firing as provided in regulation No. 164 of the Metalliferous Mines Regulations, 1961 shall be adhered to;
- (iii) That no pulverizer will be installed within a radial distance of 100 meters from link road, 500 meters from State Highway, National Highway and 1 kilometer from recognized Village or any land recorded/notified as forest in Government records;
- (iv) That the maximum height of the material drop point of the conveyer belt shall not exceed 4 meters;
- (v) That the ground shall be kept wet near the pulverizer and adjoining approach lanes;
- (vi) That pulverisers shall not be driven by power more than 51 Horse-power;
- (vii) That the water sprinkling shall be done on the raw material i.e. weathered stone, coarse and lump, before feeding to pulverizers for disintegration.
